

Classroom and Behavior Management

St. Mark's Pre-Kindergarten

- Positive Reinforcement
- Redirection
- Giving Choices
- Sing Directions to Children
- Use Fun Phrases: “Hands are for Loving” “Walking Feet” “Inside Voices, Friends”
- Open Communication with Parents

At St. Mark's Pre-Kindergarten children are in a loving and positive atmosphere and given praise and encouragement. Safety of the children and staff is of paramount concern to us. Inappropriate behavior by a child is talked through with the teacher. The child will be redirected toward appropriate behavior. We expect children to follow rules of the classroom which include respect for self, staff, school, and other children. A conference with parents may be necessary to achieve appropriate behavior. Through working together, we hope to make the preschool a safe, fun and a positive experience for your child.
